[How to Interpret the News](#) by JB Hixon

You can discuss any of the following principles and questions. The first 30 minutes of the video cover these principles. Beyond that, make a note of 2-3 points or topics that you find interesting that you would like to discuss with your small group.

Ten Principles to Consider:

1. Almost nothing is as it seems.
2. It is seldom about what it's about.
3. There is no difference between the Replucrats and the Democans.
4. There is no difference between Fox News and CNN.
5. There are powerful people in government who worship Satan and love death.
6. However bad you think things are, they are actually much worse.
7. The US doesn't have elections, they have selections.
8. The U.S. President, Supreme Court, Senate, and almost all in Congress are controlled.
9. Your favorite conservative pundits (new sources) are most likely controlled.
10. Most of the history we have been taught since 1900 is false.

Three Questions to Ask:

- 1) What are the implications for Bible prophecy?
- 2) What are the implications for Satan's plot?
- 3) What are the implications for Geo-Politics?
